

Get to Know the Cryptoassets that Have Something Going for Them

Introducing Real Digital Asset (RDA) Ranking License

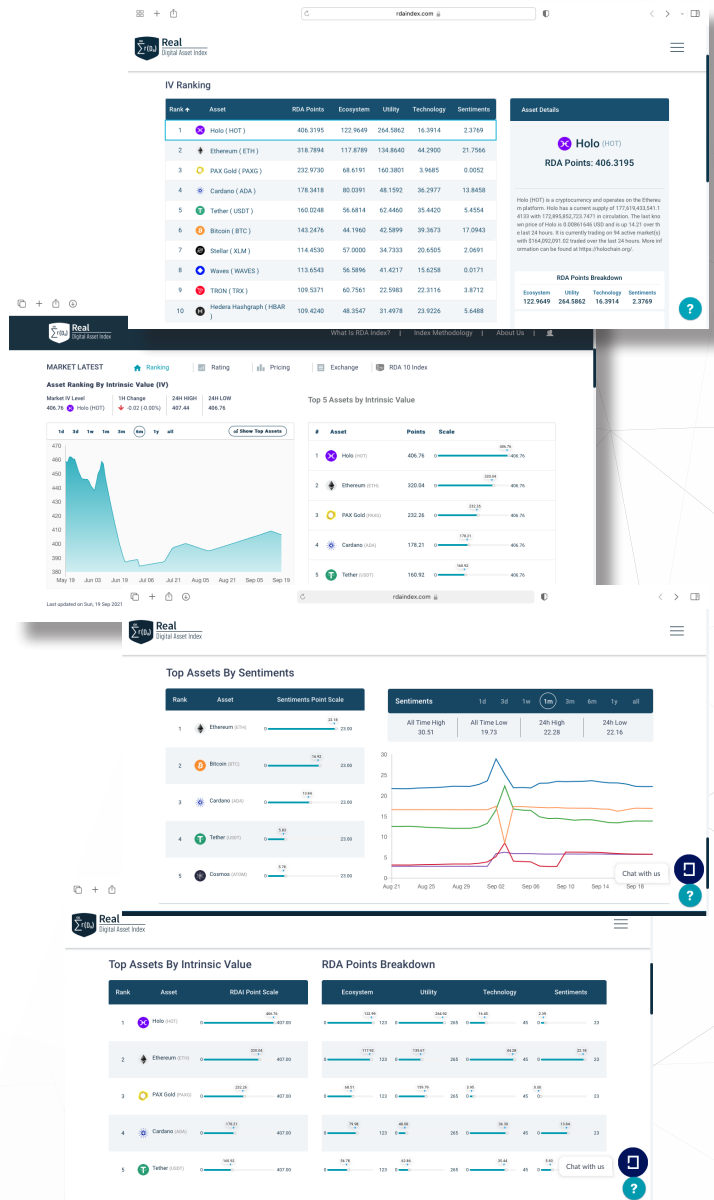

Xtant Real®

Enhance your risk management with the most robust and reliable IV analysis of cryptoassets. Combine **RDA Rankings** with your cryptoasset technical analysis to create new business growth opportunities. Updated daily, RDA's fundamental analysis of crypto assets offers unlimited opportunities to boost your market intelligence, diversify your portfolio and expand revenue potential.

RDA Ranking Data Licensing enables you to:

- Qualify and quantify the intrinsic value of each cryptoasset
- Identify risks related to asset integrity
- Build out fundamental, multi-layered asset rankings
- Leverage knowledge-based cryptoasset hierarchies
- Recognise toxic assets in real time
- Predict the evolution of fundamental drivers of the market
- Formulate quality standards and consumer protection policies for cryptoassets

Crypto fundamentals at market speed
Greater Insights. More Opportunities. Bigger wins.

RDA INDEX DISCLAIMER

RDA Index is owned and maintained by Xtant Real, a company registered in England and Wales. Xtant Real does not accept any form of compensation from creators, issuers or sponsors of cryptoassets, nor is its RDA Index intended to endorse or promote investment in any specific cryptoasset. Cryptoassets carry a high degree of risk. The UK Financial Conduct Authority (FCA) and other regulators around the world have expressed concerns with the volatility of cryptoassets and the actions of its promoters. Xtant Real strongly recommends that you review their guidance such as the public statement on cryptoassets by the Financial Conduct Authority.
